What is a Certified Green Verifier? (CGV)

They are persons certified by the National Association of Home Builders Research Foundation to assist builders in gaining Green Certificates.

The services they provide include:

- Assisting builders with the selection of materials and the processes required to gain Green Certification for individual models;
- Assisting with the entry of selected data into the NAHB data base to generate a Design Report;
- Preparation of design, rough and final inspection checklists;
- Performing rough inspections of the building;
- Performing final inspections of the building;
- Processing of the verification report with the NAHB to allow issuance of a NAHB Green Home Certificate.

Who are the CGV's in this association?
